lifelong learning has become essential not only for professionals but also for those they serve continuing professional education cpe an umbrella term used to describe the continuum of formal nonformal and informal learning opportunities that enable practicing professionals to continue to learn and to maintain professional competence across their careers is the focus of this collection the volume explores analyzes questions and critiques cpe trends and issues across a variety of contexts and it highlights new thinking and developments to assist providers and practitioners to re envision their roles and set new directions in the field of cpe this collection is inspired by the early seminal works of cyril houle who advocated that educational researchers and providers of cpe should listen to the experience of professionals as a basis for supporting their professional learning this is the 151st volume of the jossey bass series new directions for adult and continuing education noted for its depth of coverage it explores issues of common interest to instructors administrators counselors and policymakers in a broad range of education settings such as colleges and universities extension programs businesses libraries and museums

managers are often under great pressure to improve the performance of their organizations to improve performance one needs to constantly evaluate operations or processes related to producing products providing services and marketing and selling products performance evaluation and benchmarking are a widely used method to identify and adopt best practices as a means to improve performance and increase productivity and are particularly valuable when no objective or engineered standard is available to define efficient and effective performance for this reason benchmarking is often used in managing service operations because service standards benchmarks are more difficult to define than manufacturing standards benchmarks can be established but they are somewhat limited as they work with single measurements one at a time it is difficult to evaluate an organization s performance when there are multiple inputs and outputs to the system the difficulties are further enhanced when the relationships between the inputs and the outputs are complex and involve unknown tradeoffs it is critical to show benchmarks where multiple measurements exist the current book introduces the methodology of data envelopment analysis dea and its uses in performance evaluation and benchmarking under the context of multiple performance measures

for some time now the study of cognitive development has been far and away the most active discipline within developmental psychology although there would be much disagreement as to the exact proportion of papers published in develop mental journals

that could be considered cognitive 5090 seems like a conservative estimate hence a series of scholarly books devoted to work in cognitive devel opment is especially appropriate at this time the springer series in cognitive development contains two basic types of books namely edited collections of original chapters by several authors and original volumes written by one author or a small group of authors the flagship for the springer series is a serial publication of the advances type carrying the subtitle progress in cognitive development research each volume in the progress sequence is strongly thematic in that it is limited to some well defined domain of cognitive developmental research e g logical and mathematical development development of learning all progress volumes will be edited collections editors of such collections upon consultation with the series editor may elect to have their books published either as contributions to the progress sequence or as separate volumes all books written by one author or a small group of authors are being published as separate volumes within the series

music therapy is growing internationally to be one of the leading evidence based psychosocial allied health professions to meet needs across the lifespan the oxford handbook of music therapy is the most comprehensive text on this topic in its history it presents exhaustive coverage of the topic from international leaders in the field

the ideal how to book master assessment communication and intervention skills when working with families across the lifespan rely on practical guidelines for family interviewing consult clinical tools skills and case study examples harness the power of the nurse family relationship use the calgary family assessment and intervention models to assess families effectively and know when and how to intervene to reduce suffering and promote health they are easy to apply and practical models for nurses working with a wide variety of complex issues and family structures from the first interview through to discharge or termination from theory to practice you ll develop the knowledge you need to prepare conduct and document family interviews while you also hone your skills to use questions more effectively you ll also learn how to avoid the three most common errors in family nursing and how to conduct a 15 minute interview

conceptions of use are grounded within a common conception that useand influence can be traced to evaluation findings or to theknowledge outputs of evaluative activities yet a qualitativelydifferent type of use and impact began to emerge from evaluationpractice and research on it this other sort of consequence process use appeared to be attributable to something whollyindependent of evaluation findings specifically the activities orprocesses of evaluation as opposed to its products or outputs thisvolume is a multifaceted exploration of process use it includesmethodological empirical and conceptual inquiries as well as richnarrative forays into the domain of evaluation practice such acomprehensive approach serves to deepen understanding of processuse as being pivotal in contemporary theory on evaluationconsequences this is the 116th volume of the jossey bass quarterly reportseries new directions for evaluation a publication ofjossey bass and the american evaluation association the journalpublishes empirical methodological and theoretical works on allaspects of evaluation

cds is a multifarious field constantly developing different methodological frameworks for analysing dynamically evolving aspects of language in a broad range of socio political and institutional contexts this volume is a cutting edge interdisciplinary account of these theoretical and empirical developments it presents an up to date survey of critical discourse studies cds covering both the theoretical landscape and the analytical territories that it extends over it is intended for critical scholars and students who wish to keep abreast of the current state of the art the book is divided into two parts in the first part the chapters are organised around different methodological perspectives for cds history cognition multimodality and corpora among others in the second part the chapters are organised around particular discourse types and topics investigated in cds both traditionally e g issues of racism and gender inequality and only more recently e g issues of health public policy and the environment this is altogether an essential new reference work for all cds practitioners

social work and social development in the asia pacific region continue to grow in new and exciting ways social work educators are an essential part of shaping social work and development in this second edition we hear four new voices from cambodia fiji japan and vietnam together with revised and updated chapters from social work educators in australia china hong kong india korea nepal and new zealand summaries of each chapter are included in chinese japanese and korean as well as in the first language of the author despite the astonishing diversity of languages cultures philosophies religions economic systems and ways that social work is taught and practised in the region social work in the asia pacific is becoming more internationally cohesive at the same time it maintains strong foundations in its local contexts in an increasingly globalised world international social work belongs in every 21st century social work curriculum while this book does not provide all the answers it will help educators and practitioners ask better questions

this book focuses on the lived experiences of higher education professionals working in the face of stress pressure and the threat of burnout and how acts of self care and wellbeing can support develop and maintain a sense of self in considering the place of self care in higher education we are challenged with the tension that exists when it comes to the valuing of self care and our individual and collective wellbeing in reflections on valuing wellbeing in higher education authors present and explore the ways in

which they manage and reframe their wellbeing and self care through mindfulness compassion connection to breath ref lection demonstrating individual and collective embodiment and resistance to neoliberalism and environmental destruction covering various contexts of higher education such as learning and teaching research leadership and engagement this book offers practical strategies grounded in literature and evidence based research the self in self care is relational it is not just about self we need others for inspiration motivation and indeed the act this book will be of great interest to professionals and researchers specifically interested in studies in higher education wellbeing and or identity as well as those navigating a career in higher education

a sharp analysis of the similarities differences and impact of the presidencies of franklin roosevelt and ronald reagan two iconic figures representing polar opposites of twentieth century american politics

is the judiciary the ultimate authority on constitutional questions susan burgess says no basing her argument on the theory of departmental review burgess contends that each branch of government has the right to interpret the constitution and that no branch has final authority through close study of the abortion and war powers debates burgess illustrates that the practice of departmental review improves the quality of constitutional debate deepens constitutional consciousness and enhances respect for the rule of law first she investigates the constitutional issues relating to the debates over roe v wade and in its wake the 1981 human life bill the 1985 abortion funding restriction act and contemporaneous court cases she follows with a comparative analysis of the constitutional debates that focused on the infamous 1964 gulf of tonkin resolution and the persian gulf crisis of the late 1980s one before and the other after the passage of the 1973 war powers act burgess demonstrates the considerable potential and possible drawbacks of departmental review for creating a common constitutional language that transcends the polemical impasses characterizing much current debate for recapturing active and thoughtful citizen participation and for renewing our faith in the authority of the constitution

here is a comprehensive introduction to language disorders in children one whose two fold developmental contextual perspective acknowledges that children s language learning systems include not only their skills knowledge and biological abilities but also their language background family settings and the context in which they are attempting to learn language the text s primary focus is on perspectives from normal development and the bulk of the coverage is devoted to examination of expectations for early infant through toddler middle preschool through early elementary and later middle elementary through adolescent stages of learning language these developmentally geared divisions are then used to guide discussions of language assessment and intervention for children who are not learning language normally yet who have characteristics in common with their peers who are

examines what it means to be a responsible professional including the sorts of things thoughtful conscientious people ought to perceive and care about
